### LEGISLATIVE COUNSEL'S DIGEST

AB 1606, as amended, Committee on Budget. ~~Budget Act of 2016. Developmental services.~~

*(1) Existing law vests in the State Department of Developmental Services jurisdiction over developmental centers for the provision of*

*residential care to individuals with developmental disabilities, including the Sonoma Developmental Center, the Fairview Developmental Center, and the Porterville Developmental Center.*

*This bill would require the department to report quarterly to the Joint Legislative Budget Committee the estimated amount of General Fund expenditures used to backfill federal funding as a result of the decertification of intermediate care facility units at the Sonoma Developmental Center. The bill would also require, if the intermediate care facility units at the Fairview Developmental Center or the Porterville Developmental Center are decertified by the federal government in the 2016–17 fiscal year, the department to report quarterly to the Joint Legislative Budget Committee the estimated amount of General Fund expenditures used to backfill federal funding as a result of the decertification or decertifications.*

*(2) Existing law requires the department to comply with procedural requirements when closing a developmental center, including submitting a detailed plan to the Legislature and holding at least one public hearing. Existing law requires the State Department of Developmental Services to submit, on or before October 1, 2015, a plan to the Legislature to close one or more developmental centers.*

*This bill would require the department to include an update to the Legislature in the 2017–18 May Revision regarding how the department will ensure access to crisis services after the closure of a developmental center and how the state will maintain its role in providing residential services to those whom private sector vendors cannot or will not serve. The bill would also require the department to post on its Internet Web site a monthly progress report regarding the development of residential capacity by each regional center, as specified.*

*(3) Existing law requires the State Department of Developmental Services to provide followup services to help ensure a smooth transition to the community when an individual transitions from a developmental center to a community living arrangement.*

*Existing law establishes the Medi-Cal program, administered by the State Department of Health Care Services, under which basic health care services are provided to qualified low-income persons. The Medi-Cal program is, in part, governed and funded by federal Medicaid provisions. Existing law authorizes the department to provide health care services to beneficiaries through various models of managed care, including through a comprehensive program of managed health care*

*plan services for Medi-Cal recipients residing in clearly defined geographical areas.*

*This bill would require the State Department of Developmental Services and the State Department of Health Care Services to coordinate the transition of health care services for Medi-Cal eligible consumers who are transitioning from a developmental center into the community, as specified. The bill would require the State Department of Health Care Services to issue transition requirements for specified consumers. The bill would authorize the State Department of Health Care Services to implement those provisions by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions. The bill would provide that its provisions shall be implemented only to the extent that any necessary federal approvals are obtained and federal financial participation is available.*

*(4) Existing law, the Lanterman Developmental Disabilities Services Act, requires the State Department of Developmental Services to contract with regional centers to provide services and supports to individuals with developmental disabilities and their families.*

*Existing law also requires the department to implement an improved, unified quality assessment system, as specified. Existing law requires each regional center to, on or before August 1 of each year, submit to the department and the State Council on Developmental Disabilities a program budget plan for the subsequent budget year, as specified.*

*This bill would require the department to, on or before February 1 of each year, report to the Legislature and post on its Internet Web site specified supplemental budget information, including an estimate for the annual budget for each developmental center and the current fiscal year allocations of total and per capita funding for operations and purchase of services for each regional center. The bill would require the department to develop and implement a plan to monitor, evaluate, and improve the quality of community-based services through the use of a performance dashboard, to be published annually and include, among other things, recognized quality and access measures. The bill would require that, with the fiscal and research resources included as part of the Budget Act of 2016, the department annually assess specified data, including the performance dashboard data.*

*(5) Existing law requires the State Department of Developmental Services and regional centers to annually collaborate to compile specified data relating to purchase of service authorization, utilization, and expenditure by each regional center. Existing law requires each*

*regional center to annually report to the department regarding its implementation of specified requirements and requires the report to include, among other things, whether the data indicates a need to reduce disparities in the purchase of services among consumers in the regional center's catchment area, and if so, the regional center's recommendations and plan to promote equity and reduce disparities in the purchase of services. Existing law requires the department to, subject to available funding, allocate funding to regional centers to assist with the implementation of those recommendations and plans.*

*This bill would require each regional center to consult with stakeholders regarding activities that may be effective in addressing disparities in the receipt of regional center services and the regional center's proposed requests for the above-mentioned funding and would also require each regional center to identify the stakeholders consulted with and to include information on how it incorporated stakeholder input into its requests. The bill would require the department to review requests for funding within 45 days from a specified deadline and would require each regional center to report to the department, as specified, how the funding allocations were used, among other things.*

*(6) Existing law requires regional center vendors that provide residential services or supported living services, long-term health care facilities, as defined, and acute psychiatric hospitals, as defined, to report each death or serious injury of a person occurring during, or related to, the use of seclusion, physical restraint, or chemical restraint, as specified.*

*This bill would additionally require regional center vendors that provide crisis services to make those reports. The bill would also require regional center vendors that provide crisis or residential services or supported living services, long-term health care facilities, and acute psychiatric hospitals, to report any unexpected or suspicious death, regardless of whether the cause is immediately known, any allegation of sexual assault, as defined, in which the alleged perpetrator is a staff member, service provider, or facility employee or contractor, and any report made to the local law enforcement agency in the jurisdiction in which the facility is located that involves physical abuse, as defined, in which a staff member, service provider, or facility employee or contractor is implicated. In addition, the bill would require those entities to report on a monthly basis, as specified, the number of incidents of seclusion and the duration of time spent per incident in seclusion, the number of incidents of the use of behavioral restraints and the duration*

*of time spent per incident of restraint, and the number of times an involuntary emergency medication is used to control behavior.*

*(7) Existing law requires the State Department of Developmental Services, contingent upon approval of federal funding, to establish and implement a state Self-Determination Program, as defined, that would be available in every regional center catchment area to provide participants and their families, within an individual budget, increased flexibility and choice and greater control over decisions, resources, and needed and desired services and supports to implement their individual program plan (IPP), in accordance with prescribed requirements. Existing law makes each regional center responsible for implementing the Self-Determination Program, as specified. Existing law also requires each regional center to contract with local consumer of family-run organizations to conduct outreach through local meetings and to collaborate with local consumer or family-run organizations to jointly conduct training about the Self-Determination Program. Existing law requires each regional center to establish a local volunteer advisory committee to provide oversight of the Self-Determination Program.*

*This bill would require each regional center to consult with the local volunteer advisory committee in conducting the above-described outreach and training and would authorize the advisory committee to designate members to represent the committee at the training.*

*(8) The Lanterman Developmental Disabilities Services Act requires the State Department of Developmental Services to contract with regional centers to provide respite services and supported employment services. Existing law, effective June 9, 2016, and commencing July 1, 2016, requires the rate for family-member provided respite services authorized by the department and in operation on June 30, 2016, to be increased by 5%.*

*This bill would additionally require the rates for out-of-home respites services in effect on June 30, 2016, to be increased by 5%.*

*(9) Existing law requires the State Department of Developmental Services to establish guidelines and oversee a program, to the extent funds are appropriated in the annual Budget Act for this purpose, to increase paid internship opportunities for individuals with developmental disabilities, as specified, and to fund incentive payments for these internships on and after July 1, 2016. Existing law requires the program to be administered by community service providers, subject to specified criteria. On and after July 1, 2016, existing law also*

*provides incentive payments for purposes of increasing employment placements by providers of supported employment services, as specified.*

*The bill would require the individual placed for employment to be employed for at least 30 days in order for a provider to receive the first incentive payment for an initial employment placement under these provisions. The bill would clarify that these payments are not available to providers that place individuals into internships, until the individual transitions into a competitive integrated employment placement. The bill would provide that these incentive payments apply to regional center service providers, rather than providers of supported employment services, and would prohibit payments made under the program from being in addition to specified placement payments for supported employment services. The bill would make other clarifying changes to these provisions with regard to payments, as specified.*

*(10) Existing law, the California Early Intervention Services Act, provides a statewide system of coordinated, comprehensive, family-centered, multidisciplinary, and interagency programs that are responsible for providing appropriate early intervention services and support to all eligible infants and toddlers, as defined, and their families. The act requires these services to be provided pursuant to the existing regional center system.*

*Existing law requires the State Department of Developmental Services to contract with an organization representing one or more family resource centers, as defined, to provide outreach, information, and referral services for at-risk babies who are not otherwise eligible for the early intervention services. Existing law also requires regional centers to refer at-risk babies to the family resource centers.*

*This bill would repeal the above requirement for the department to contract with an organization representing one or more family resource centers to provide outreach, information, and referral services for at-risk babies, and would repeal the requirement that regional centers refer at-risk babies to the family resource centers.*

*(11) Existing law requires the minimum wage for all industries, on and after January 1, 2016, to be not less than \$10 per hour. Existing law requires the minimum wage for all industries to be not less than specified amounts to be increased from January 1, 2017, to January 1, 2022, inclusive, for employers employing 26 or more employees and from January 1, 2018, to January 1, 2023, inclusive, for employers employing 25 or fewer employees, except as specified.*

*Existing law sets forth the State Department of Developmental Services's and the regional center's authority to establish provider rates. Existing law prohibits certain provider rate increases but, commencing July 1, 2014, authorizes increases to those rates as necessary to adjust employee wages to meet the state minimum wage law.*

*This bill would authorize adjustment of prescribed provider rates commencing January 1, 2017, if the adjustment is necessary in order to pay employees no less than the increased minimum wage, as described above.*

*(12) Existing law prohibits a regional center from approving a service level for a residential service provider if the approval would result in an increase in the rate to be paid to the provider that is greater than the rate that is in effect on June 30, 2008, unless the regional center demonstrates to the State Department of Developmental Services that the approval is necessary to protect the consumer's health or safety and the department has granted prior written authorization.*

*This bill would additionally prohibit that approval if it would result in an increase in state costs. The bill would require the department to, effective July 1, 2016, establish a rate schedule for residential community care facilities vendored to provide services to a maximum of four persons with developmental disabilities. The bill would exempt from the prohibition described above only residential community care facilities vendored to provide services to a maximum of four persons with developmental disabilities if either the regional center demonstrates to the department that the approval is necessary to protect the consumer's health or safety and the department has granted prior written authorization or if the approved service level is not higher than the service level in effect at the time of implementation of the new rate schedule. The bill would require regional centers to submit a specified report to the department by February 1, 2017, regarding the number residential community care facilities with those rates.*

*(13) Under existing law, the State Department of Social Services regulates the licensure and operation of various care facilities, including community care facilities and enhanced behavioral supports homes. Existing law prohibits community care facilities, among other health and care facilities, from using physical restraint or containment as an extended procedure.*

*This bill would prohibit enhanced behavioral supports homes from using physical restraint or containment for more than 15 consecutive minutes, except as specified.*

*(14) Existing law provides that specified contracts entered into by any state agency for goods, services, or other specified activities, whether awarded through competitive bidding or not, are void unless and until approved by the Department of General Services, and requires denial of approval if the contract does not meet the required specifications of the bidding process. That law exempts certain transactions and contracts from that law, as specified.*

*This bill would make those laws inapplicable, subject to the approval of the Director of Developmental Services, to specified employees of the department for the purpose of the employee becoming a vendor of a regional center for persons with developmental disabilities, as specified.*

*(15) Existing law appropriates \$287,000,000 to the State Department of Developmental Services to, commencing July 1, 2016, among other things, increase rates and wages for certain developmental services providers and fund incentive payments for competitive integrated employment opportunities and internships for individuals with developmental disabilities.*

*This bill would appropriate \$186,200,000 in reimbursements associated with the above-mentioned appropriated funds to the State Department of Developmental Services for the same specified purposes.*

*(16) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.*

~~*This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2016.*~~

Nothing in this section shall preclude the applicability of Section 12112 to this procurement method.

22 SEC. 3. Section 4435.1 of the Welfare and Institutions Code  
23 is repealed.

24 ~~4435.1. (a) Effective July 1, 2011, the department shall~~

31 ~~(commencing with Section 4500)) and whose genetic, medical,~~

10 achievement of participant outcomes over time.

11 (B) Increased participant control over which services and  
12 supports best meet his or her needs and the IPP objectives. A  
13 participant's unique support system may include the purchase of  
14 existing service offerings from service providers or local  
15 businesses, hiring his or her own support workers, or negotiating  
16 unique service arrangements with local community resources.

17 (C) Comprehensive person-centered planning, including an  
18 individual budget and services that are outcome based.

19 (D) Consumer and family training to ensure understanding of  
20 the principles of self-determination, the planning process, and the  
21 management of budgets, services, and staff.

22 (E) Choice of independent facilitators who can assist with the  
23 person-centered planning process and choice of financial  
24 management services providers vendored by regional centers who  
25 can assist with payments and provide employee-related services.

26 (F) Innovation that will more effectively allow participants to  
27 achieve their goals.

28 (c) For purposes of this section, the following definitions apply:

29 (1) "Financial management services" means services or  
30 functions that assist the participant to manage and direct the  
31 distribution of funds contained in the individual budget, and ensure  
32 that the participant has the financial resources to implement his or  
33 her IPP throughout the year. These may include bill paying services  
34 and activities that facilitate the employment of service and support  
35 workers by the participant, including, but not limited to, fiscal  
36 accounting, tax withholding, compliance with relevant state and  
37 federal employment laws, assisting the participant in verifying  
38 provider qualifications, including criminal background checks,  
39 and expenditure reports. The financial management services  
40 provider shall meet the requirements of Sections 58884, 58886,

1 and 58887 of Title 17 of the California Code of Regulations and  
2 other specific qualifications established by the department. The  
3 costs of financial management services shall be paid by the  
4 participant out of his or her individual budget, except for the cost  
5 of obtaining the criminal background check specified in subdivision  
6 (w).

7 (2) “Independent facilitator” means a person, selected and  
8 directed by the participant, who is not otherwise providing services  
9 to the participant pursuant to his or her IPP and is not employed  
10 by a person providing services to the participant. The independent  
11 facilitator may assist the participant in making informed decisions  
12 about the individual budget, and in locating, accessing, and  
13 coordinating services and supports consistent with the participant’s  
14 IPP. He or she is available to assist in identifying immediate and  
15 long-term needs, developing options to meet those needs, leading,  
16 participating, or advocating on behalf of the participant in the  
17 person-centered planning process and development of the IPP, and  
18 obtaining identified services and supports. The cost of the  
19 independent facilitator, if any, shall be paid by the participant out  
20 of his or her individual budget. An independent facilitator shall  
21 receive training in the principles of self-determination, the  
22 person-centered planning process, and the other responsibilities  
23 described in this paragraph at his or her own cost.

24 (3) “Individual budget” means the amount of regional center  
25 purchase of service funding available to the participant for the  
26 purchase of services and supports necessary to implement the IPP.  
27 The individual budget shall be determined using a fair, equitable,  
28 and transparent methodology.

29 (4) “IPP” means individual program plan, as described in Section  
30 4646.

31 (5) “Participant” means an individual, and when appropriate,  
32 his or her parents, legal guardian or conservator, or authorized  
33 representative, who has been deemed eligible for, and has  
34 voluntarily agreed to participate in, the Self-Determination  
35 Program.

36 (6) “Self-determination” means a voluntary delivery system  
37 consisting of a defined and comprehensive mix of services and  
38 supports, selected and directed by a participant through  
39 person-centered planning, in order to meet the objectives in his or  
40 her IPP. Self-determination services and supports are designed to

1 assist the participant to achieve personally defined outcomes in  
2 community settings that promote inclusion. The Self-Determination  
3 Program shall only fund services and supports provided pursuant  
4 to this division that the federal Centers for Medicare and Medicaid  
5 Services determines are eligible for federal financial participation.

6 (d) Participation in the Self-Determination Program is fully  
7 voluntary. A participant may choose to participate in, and may  
8 choose to leave, the Self-Determination Program at any time. A  
9 regional center shall not require or prohibit participation in the  
10 Self-Determination Program as a condition of eligibility for, or  
11 the delivery of, services and supports otherwise available under  
12 this division. Participation in the Self-Determination Program shall  
13 be available to any regional center consumer who meets the  
14 following eligibility requirements:

15 (1) The participant has a developmental disability, as defined  
16 in Section 4512, and is receiving services pursuant to this division.

17 (2) The consumer does not live in a licensed long-term health  
18 care facility, as defined in paragraph (44) of subdivision (a) of  
19 Section 54302 of Title 17 of the California Code of Regulations.  
20 An individual, and when appropriate his or her parent, legal  
21 guardian or conservator, or authorized representative, who is not  
22 eligible to participate in the Self-Determination Program pursuant  
23 to this paragraph may request that the regional center provide  
24 person-centered planning services in order to make arrangements  
25 for transition to the Self-Determination Program, provided that he  
26 or she is reasonably expected to transition to the community within  
27 90 days. In that case, the regional center shall initiate  
28 person-centered planning services within 60 days of that request.

29 (3) The participant agrees to all of the following terms and  
30 conditions:

31 (A) The participant shall receive an orientation to the  
32 Self-Determination Program prior to enrollment, which includes  
33 the principles of self-determination, the role of the independent  
34 facilitator and the financial management services provider,  
35 person-centered planning, and development of a budget.

36 (B) The participant shall utilize the services and supports  
37 available within the Self-Determination Program only when generic  
38 services and supports are not available.

39 (C) The participant shall only purchase services and supports  
40 necessary to implement his or her IPP and shall comply with any

1 and all other terms and conditions for participation in the  
2 Self-Determination Program described in this section.

3 (D) The participant shall manage Self-Determination Program  
4 services and supports within his or her individual budget.

5 (E) The participant shall utilize the services of a financial  
6 management services provider of his or her own choosing and who  
7 is vendored by a regional center.

8 (F) The participant may utilize the services of an independent  
9 facilitator of his or her own choosing for the purpose of providing  
10 services and functions as described in paragraph (2) of subdivision  
11 (c). If the participant elects not to use an independent facilitator,  
12 he or she may use his or her regional center service coordinator to  
13 provide the services and functions described in paragraph (2) of  
14 subdivision (c).

15 (e) A participant who is not Medi-Cal eligible may participate  
16 in the Self-Determination Program and receive self-determination  
17 services and supports if all other program eligibility requirements  
18 are met and the services and supports are otherwise eligible for  
19 federal financial participation.

20 (f) An individual receiving services and supports under a  
21 self-determination pilot project authorized pursuant to Section 13  
22 of Chapter 1043 of the Statutes of 1998, as amended, or pursuant  
23 to Article 4 (commencing with Section 4669.2) of Chapter 5, may  
24 elect to continue to receive self-determination services and supports  
25 pursuant to this section or the regional center shall provide for the  
26 participant's transition from the self-determination pilot program  
27 to other services and supports. This transition shall include the  
28 development of a new IPP that reflects the services and supports  
29 necessary to meet the individual's needs. The regional center shall  
30 ensure that there is no gap in services and supports during the  
31 transition period.

32 (g) The additional federal financial participation funds generated  
33 by the former participants of the self-determination pilot projects  
34 authorized pursuant to Section 13 of Chapter 1043 of the Statutes  
35 of 1998, as amended, or pursuant to Article 4 (commencing with  
36 Section 4669.2) of Chapter 5, shall be used as follows:

37 (1) First, to offset the cost to the department for the criminal  
38 background check conducted pursuant to subdivision (w) and other  
39 administrative costs incurred by the department in implementing  
40 the Self-Determination Program.

(2) With the remaining funds, to offset the costs to the regional centers in implementing the Self-Determination Program, including, but not limited to, operations costs for caseload ratio enhancement, training for regional center staff, costs associated with the participant's initial person-centered planning meeting, the development of the participant's initial individual budget, and the costs associated with training consumers and family members.

(h) If at any time during participation in the Self-Determination Program a regional center determines that a participant is no longer eligible to continue in, or a participant voluntarily chooses to exit, the Self-Determination Program, the regional center shall provide for the participant's transition from the Self-Determination Program to other services and supports. This transition shall include the development of a new IPP that reflects the services and supports necessary to meet the individual's needs. The regional center shall ensure that there is no gap in services and supports during the transition period.

(i) An individual determined to be ineligible for or who voluntarily exits the Self-Determination Program shall be permitted to return to the Self-Determination Program upon meeting all applicable eligibility criteria and upon approval of the participant's planning team, as described in subdivision (j) of Section 4512. An individual who has voluntarily exited the Self-Determination Program shall not return to the program for at least 12 months. During the first three years of the program, the individual's right to return to the program is conditioned on his or her regional center not having reached the participant cap imposed by paragraph (1) of subdivision (b).

(j) An individual who participates in the Self-Determination Program may elect to continue to receive self-determination services and supports if he or she transfers to another regional center catchment area, provided that he or she remains eligible for the Self-Determination Program pursuant to subdivision (d). The balance of the participant's individual budget shall be reallocated to the regional center to which he or she transfers.

(k) The IPP team shall utilize the person-centered planning process to develop the IPP for a participant. The IPP shall detail the goals and objectives of the participant that are to be met through the purchase of participant-selected services and supports. The IPP team shall determine the individual budget to ensure the budget

1 assists the participant to achieve the outcomes set forth in his or  
2 her IPP and ensures his or her health and safety. The completed  
3 individual budget shall be attached to the IPP.

4 (l) The participant shall implement his or her IPP, including  
5 choosing and purchasing the services and supports allowable under  
6 this section necessary to implement the plan. A participant is  
7 exempt from the cost control restrictions regarding the purchases  
8 of services and supports pursuant to Sections 4648.5 and 4686.5.  
9 A regional center shall not prohibit the purchase of any service or  
10 support that is otherwise allowable under this section.

11 (m) A participant shall have all the rights established in Sections  
12 4646 to 4646.6, inclusive, and Chapter 7 (commencing with Section  
13 4700).

14 (n) (1) Except as provided in paragraph (4), the IPP team shall  
15 determine the initial and any revised individual budget for the  
16 participant using the following methodology:

17 (A) (i) Except as specified in clause (ii), for a participant who  
18 is a current consumer of the regional center, his or her individual  
19 budget shall be the total amount of the most recently available 12  
20 months of purchase of service expenditures for the participant.

21 (ii) An adjustment may be made to the amount specified in  
22 clause (i) if both of the following occur:

23 (I) The IPP team determines that an adjustment to this amount  
24 is necessary due to a change in the participant's circumstances,  
25 needs, or resources that would result in an increase or decrease in  
26 purchase of service expenditures, or the IPP team identifies prior  
27 needs or resources that were unaddressed in the IPP, which would  
28 have resulted in an increase or decrease in purchase of service  
29 expenditures.

30 (II) The regional center certifies on the individual budget  
31 document that regional center expenditures for the individual  
32 budget, including any adjustment, would have occurred regardless  
33 of the individual's participation in the Self-Determination Program.

34 (iii) For purposes of clauses (i) and (ii), the amount of the  
35 individual budget shall not be increased to cover the cost of the  
36 independent facilitator or the financial management services.

37 (B) For a participant who is either newly eligible for regional  
38 center services or who does not have 12 months of purchase service  
39 expenditures, his or her individual budget shall be calculated as  
40 follows:

1 (i) The IPP team shall identify the services and supports needed  
2 by the participant and available resources, as required by Section  
3 4646.

4 (ii) The regional center shall calculate the cost of providing the  
5 services and supports to be purchased by the regional center by  
6 using the average cost paid by the regional center for each service  
7 or support unless the regional center determines that the consumer  
8 has a unique need that requires a higher or lower cost. The regional  
9 center shall certify on the individual budget document that this  
10 amount would have been expended using regional center purchase  
11 of service funds regardless of the individual's participation in the  
12 Self-Determination Program.

13 (iii) For purposes of clauses (i) and (ii), the amount of the  
14 individual budget shall not be increased to cover the cost of the  
15 independent facilitator or the financial management services.

16 (2) The amount of the individual budget shall be available to  
17 the participant each year for the purchase of program services and  
18 supports. An individual budget shall be calculated no more than  
19 once in a 12-month period, unless revised to reflect a change in  
20 circumstances, needs, or resources of the participant using the  
21 process specified in clause (ii) of subparagraph (A) of paragraph  
22 (1).

23 (3) The individual budget shall be assigned to uniform budget  
24 categories developed by the department in consultation with  
25 stakeholders and distributed according to the timing of the  
26 anticipated expenditures in the IPP and in a manner that ensures  
27 that the participant has the financial resources to implement his or  
28 her IPP throughout the year.

29 (4) The department, in consultation with stakeholders, may  
30 develop alternative methodologies for individual budgets that are  
31 computed in a fair, transparent, and equitable manner and are based  
32 on consumer characteristics and needs, and that include a method  
33 for adjusting individual budgets to address a participant's change  
34 in circumstances or needs.

35 (o) Annually, participants may transfer up to 10 percent of the  
36 funds originally distributed to any budget category set forth in  
37 paragraph (3) of subdivision (n) to another budget category or  
38 categories. Transfers in excess of 10 percent of the original amount  
39 allocated to any budget category may be made upon the approval  
40 of the regional center or the participant's IPP team.

1 (p) Consistent with the implementation date of the IPP, the IPP  
2 team shall annually ascertain from the participant whether there  
3 are any circumstances or needs that require a change to the annual  
4 individual budget. Based on that review, the IPP team shall  
5 calculate a new individual budget consistent with the methodology  
6 identified in subdivision (n).

7 (q) (1) On or before December 31, 2014, the department shall  
8 apply for federal Medicaid funding for the Self-Determination  
9 Program by doing one or more of the following:

10 (A) Applying for a state plan amendment.

11 (B) Applying for an amendment to a current home- and  
12 community-based waiver for individuals with developmental  
13 disabilities.

14 (C) Applying for a new waiver.

15 (D) Seeking to maximize federal financial participation through  
16 other means.

17 (2) To the extent feasible, the state plan amendment, waiver, or  
18 other federal request described in paragraph (1) shall incorporate  
19 the eligibility requirements, benefits, and operational requirements  
20 set forth in this section. Except for the provisions of subdivisions  
21 (k), (m), (p), and this subdivision, the department may modify  
22 eligibility requirements, benefits, and operational requirements as  
23 needed to secure approval of federal funding.

24 (3) Contingent upon approval of federal funding, the  
25 Self-Determination Program shall be established.

26 (r) (1) The department, as it determines necessary, may adopt  
27 regulations to implement the procedures set forth in this section.  
28 Any regulations shall be adopted in accordance with the  
29 requirements of Chapter 3.5 (commencing with Section 11340) of  
30 Part 1 of Division 3 of Title 2 of the Government Code.

31 (2) Notwithstanding paragraph (1) and Chapter 3.5 (commencing  
32 with Section 11340) of Part 1 of Division 3 of Title 2 of the  
33 Government Code, and only to the extent that all necessary federal  
34 approvals are obtained, the department, without taking any further  
35 regulatory action, shall implement, interpret, or make specific this  
36 section by means of program directives or similar instructions until  
37 the time regulations are adopted. It is the intent of the Legislature  
38 that the department be allowed this temporary authority as  
39 necessary to implement program changes only until completion  
40 of the regulatory process.

1 (s) The department, in consultation with stakeholders, shall  
2 develop informational materials about the Self-Determination  
3 Program. The department shall ensure that regional centers are  
4 trained in the principles of self-determination, the mechanics of  
5 the Self-Determination Program, and the rights of consumers and  
6 families as candidates for, and participants in, the  
7 Self-Determination Program.

8 (t) Each regional center shall be responsible for implementing  
9 the Self-Determination Program as a term of its contract under  
10 Section 4629. As part of implementing the program, the regional  
11 center shall do both of the following:

12 (1) Contract with local consumer or family-run organizations  
13 *and consult with the local volunteer advisory committee established*  
14 *pursuant to paragraph (1) of subdivision (x) to conduct outreach*  
15 *through local meetings or forums to consumers and their families*  
16 *to provide information about the Self-Determination Program and*  
17 *to help ensure that the program is available to a diverse group of*  
18 *participants, with special outreach to underserved communities.*

19 (2) Collaborate with the local consumer or family-run  
20 organizations identified in paragraph (1) to jointly conduct training  
21 about the Self-Determination Program. *The regional center shall*  
22 *consult with the local volunteer advisory committee established*  
23 *pursuant to paragraph (1) of subdivision (x) in planning for the*  
24 *training, and the local volunteer advisory committee may designate*  
25 *members to represent the advisory committee at the training.*

26 (u) The financial management services provider shall provide  
27 the participant and the regional center service coordinator with a  
28 monthly individual budget statement that describes the amount of  
29 funds allocated by budget category, the amount spent in the  
30 previous 30-day period, and the amount of funding that remains  
31 available under the participant's individual budget.

32 (v) Only the financial management services provider is required  
33 to apply for vendorization in accordance with Subchapter 2  
34 (commencing with Section 54300) of Chapter 3 of Division 2 of  
35 Title 17 of the California Code of Regulations for the  
36 Self-Determination Program. All other service and support  
37 providers shall not be on the federal debarment list and shall have  
38 applicable state licenses, certifications, or other state required  
39 documentation, including documentation of any other qualifications  
40 required by the department, but are exempt from the vendorization

1 requirements set forth in Title 17 of the California Code of  
2 Regulations when serving participants in the Self-Determination  
3 Program.

4 (w) To protect the health and safety of participants in the  
5 Self-Determination Program, the department shall require a  
6 criminal background check in accordance with all of the following:

7 (1) The department shall issue a program directive that identifies  
8 nonvendored providers of services and supports who shall obtain  
9 a criminal background check pursuant to this subdivision. At a  
10 minimum, these staff shall include both of the following:

11 (A) Individuals who provide direct personal care services to a  
12 participant.

13 (B) Other nonvendored providers of services and supports for  
14 whom a criminal background check is requested by a participant  
15 or the participant's financial management service.

16 (2) Subject to the procedures and requirements of this  
17 subdivision, the department shall administer criminal background  
18 checks consistent with the department's authority and the process  
19 described in Sections 4689.2 to 4689.6, inclusive.

20 (3) The department shall electronically submit to the Department  
21 of Justice fingerprint images and related information required by  
22 the Department of Justice of nonvendored providers of services  
23 and supports, as specified in paragraph (1), for purposes of  
24 obtaining information as to the existence and content of a record  
25 of state or federal convictions and state or federal arrests and also  
26 information as to the existence and content of a record of state or  
27 federal arrests for which the Department of Justice establishes that  
28 the person is free on bail or on his or her recognizance pending  
29 trial or appeal.

30 (4) When received, the Department of Justice shall forward to  
31 the Federal Bureau of Investigation requests for federal summary  
32 criminal history information received pursuant to this section. The  
33 Department of Justice shall review the information returned from  
34 the Federal Bureau of Investigation and compile and disseminate  
35 a response to the department.

36 (5) The Department of Justice shall provide a state or federal  
37 response to the department pursuant to paragraph (1) of subdivision  
38 (p) of Section 11105 of the Penal Code.

(6) The department shall request from the Department of Justice subsequent notification service, as provided pursuant to Section 11105.2 of the Penal Code, for persons described in paragraph (1).

(7) The Department of Justice shall charge a fee sufficient to cover the cost of processing the request described in this subdivision.

(8) The fingerprints of any provider of services and supports who is required to obtain a criminal background check shall be submitted to the Department of Justice prior to employment. The costs of the fingerprints and the financial management service's administrative cost authorized by the department shall be paid by the services and supports provider or his or her employing agency. Any administrative costs incurred by the department pursuant to this subdivision shall be offset by the funds specified in subdivision (g).

(9) If the criminal record information report shows a criminal history, the department shall take the steps specified in Section 4689.2. The department may prohibit a provider of services and supports from becoming employed, or continuing to be employed, based on the criminal background check, as authorized in Section 4689.6. The provider of services and supports who has been denied employment shall have the rights set forth in Section 4689.6.

(10) The department may utilize a current department-issued criminal record clearance to enable a provider to serve more than one participant, as long as the criminal record clearance has been processed through the department and no subsequent arrest notifications have been received relative to the cleared applicant.

(11) Consistent with subdivision (h) of Section 4689.2, the participant or financial management service that denies or terminates employment based on written notification from the department shall not incur civil liability or unemployment insurance liability.

(x) To ensure the effective implementation of the Self-Determination Program and facilitate the sharing of best practices and training materials commencing with the implementation of the Self-Determination Program, local and statewide advisory committees shall be established as follows:

(1) Each regional center shall establish a local volunteer advisory committee to provide oversight of the Self-Determination Program. The regional center and the State Council on Developmental

1 Disabilities shall each appoint one-half of the membership of the  
2 committee. The committee shall consist of the regional center  
3 clients' rights advocate, consumers, family members, and other  
4 advocates, and community leaders. A majority of the committee  
5 shall be consumers and their family members. The committee shall  
6 reflect the multicultural diversity and geographic profile of the  
7 catchment area. The committee shall review the development and  
8 ongoing progress of the Self-Determination Program, including  
9 whether the program advances the principles of self-determination  
10 and is operating consistent with the requirements of this section,  
11 and may make ongoing recommendations for improvement to the  
12 regional center and the department.

13 (2) The State Council on Developmental Disabilities shall form  
14 a volunteer committee, to be known as the Statewide  
15 Self-Determination Advisory Committee, comprised of the chairs  
16 of the 21 local advisory committees or their designees. The council  
17 shall convene the Statewide Self-Determination Advisory  
18 Committee twice annually, or more frequently in the sole discretion  
19 of the council. The Statewide Self-Determination Advisory  
20 Committee shall meet by teleconference or other means established  
21 by the council to identify self-determination best practices,  
22 effective consumer and family training materials, implementation  
23 concerns, systemic issues, ways to enhance the program, and  
24 recommendations regarding the most effective method for  
25 participants to learn of individuals who are available to provide  
26 services and supports. The council shall synthesize information  
27 received from the Statewide Self-Determination Advisory  
28 Committee, local advisory committees, and other sources, share  
29 the information with consumers, families, regional centers, and  
30 the department, and make recommendations, as appropriate, to  
31 increase the program's effectiveness in furthering the principles  
32 of self-determination.

33 (y) Commencing January 10, 2017, the department shall  
34 annually provide the following information to the appropriate  
35 policy and fiscal committees of the Legislature:

37 center, including the number of participants who entered the  
38 program upon movement from a developmental center.

39 (2) Types and amount of services and supports purchased under  
40 the Self-Determination Program, by regional center.

(3) Range and average of individual budgets, by regional center, including adjustments to the budget to address the adjustments permitted in clause (ii) of subparagraph (A) of paragraph (1) of subdivision (n).

(4) The number and outcome of appeals concerning individual budgets, by regional center.

(5) The number and outcome of fair hearing appeals, by regional center.

(6) The number of participants who voluntarily withdraw from the Self-Determination Program and a summary of the reasons why, by regional center.

(7) The number of participants who are subsequently determined to no longer be eligible for the Self-Determination Program and a summary of the reasons why, by regional center.

(z) (1) The State Council on Developmental Disabilities, in collaboration with the protection and advocacy agency identified in Section 4900 and the federally funded University Centers for Excellence in Developmental Disabilities Education, Research, and Service, may work with regional centers to survey participants regarding participant satisfaction under the Self-Determination Program and, when data is available, the traditional service delivery system, including the proportion of participants who report that their choices and decisions are respected and supported and who report that they are able to recruit and hire qualified service providers, and to identify barriers to participation and recommendations for improvement.

(2) The council, in collaboration with the protection and advocacy agency identified in Section 4900 and the federally funded University Centers for Excellence in Developmental Disabilities Education, Research, and Service, shall issue a report to the Legislature, in compliance with Section 9795 of the Government Code, no later than three years following the approval of the federal funding on the status of the Self-Determination Program authorized by this section, and provide recommendations to enhance the effectiveness of the program. This review shall include the program's effectiveness in furthering the principles of self-determination, including all of the following:
